Certified Nursing Assistant Classes

Summer 2023

**BETHANY
+ VILLAGE**
THE ART OF LIVING

Certified Nurse Assistant

Lindsborg Community Hospital and Bethany Village are the building blocks to start your health care profession. Nationwide shortages in the nursing field are increasing, but in McPherson County one local charitable organization is taking steps to help. The founding member of the organization was so impressed with the care and graciousness of certified nursing assistants (CNAs) during a hospital stay, he initiated the sponsorship of local CNA classes.

Four summer sessions are available, each session limited. Classes meet during the week, Monday-Friday. Tuition, books, fees and meals are underwritten 100%, with no cost to the student.

Certified Nursing Assistants are responsible for the basic care of patients. They have different duties according to experience and the type of facility they serve. Duties may include assisting patients who are unable to feed themselves, bathing, grooming, dressing, helping patients to move about, measuring intake and output, measuring and recording vital signs, making beds, observing the patients mental, physical and emotional condition and reporting to the nursing or medical staff.
